## Campaigns Move Into Stretch

After a lukewarm campaign, Randall County voters go to the polls next Tuesday to elect officials ranging in importance from US Senator to county commissioner.

Evidence of a lack of interest in politics locally is the fact that the number of qualified voters dropped during the past two years. The decline came even though voters are no longer required to pay a poll tax and need only to register in order to cast a ballot.

In 1964 there were 13,859 votes cast for President while this year there are only 13,471 persons who have qualified themselves to vote.

Republicans have put a greater number of candidates in the field this year than before. Voters will have a choice in five county races, one district race and eight statewide races.

Polls open at 8 o'clock in Canyon and rural precincts. In Amarillo, polls will open at 7 o'clock in the morning. Polls will close at 7 o'clock

in the evening in both Amarillo and Canyon as well as in rural voting places.

There will be voting machines at Precincts 1, 9, 10, 11, 12, 13, 14, 15, 17, 19, and 20. All other precincts will use paper ballots.

The drop in the number of qualified voters, even when there is an increase in the county's population, is blamed

on the fact that this is not a Presidential election year.

List of voting precincts is shown on the front page of this newspaper. A sample ballot appears elsewhere in this edition.

Hottest area contested race, of course, is the battle for election to Congress waged between Republican Bob Price of Pampa and Democrat Dee Miller of Amarillo.

Another bitter political contest is the one between Republican Incumbent John Tower and

Attorney General Waggoner Carr for the US Senate.

Here in Randall County there are five contests. Republican C.N. Cosby is opposing Incumbent Democrat Lloyd King for the office of county judge. Incumbent Democrat T. H. "Tommy" Lair is in a race with Republican LeRoy Hutton for county clerk.

Republican Audrey Bruse is challenging Incumbent Democrat Ruth Hill for County Treasurer. Republican Incumbent Bill Butler is in a race with Democrat Wanda Fischer for county commissioner, Precinct 4.

For the second time Republican JoZach Byrd is challenging Democrat Incumbent Clarence Beckman for Commissioner, Precinct 2.

Democratic Incumbent Governor John Connally is opposed by T. E. Kennerly on the Republican ticket; Tommy Gillespie, Constitution Party and Bard A. Logan, Conservative Party.

The Constitution Party also fielded a candidate for US Senator. James Barker Holland is running against Tower and Carr.

Incumbent Democrat Preston Smith is opposed by Kellis Dib-

### Bulletin

John Adams, long time resident of Canyon, died of a heart attack in downtown Canyon about 2 o'clock Wednesday afternoon.

Mr. Adams was walking along Fourth Avenue when he was stricken. Efforts to revive him were futile.

Mr. Adams worked for Buffalo Grocery.

No other details were available at press time.

### So The People May Know

(An Editorial)

Never before in the history of our country have we been plagued with so many accumulated problems.

Some of them could take our very freedom if they are not solved and promptly.

America is known as the sick man of the world. Her currency is floundering. She is harassed by international communism at home and abroad. She is engaged in a war of attrition with numberless hordes of Asia — in a war that could be won overnight if her leaders were willing to exert the necessary power to do so.

Ask a mother who has lost a son in Viet Nam if we are not engaged in a war there.

The courts have set free countless criminals—guilty of the most heinous crimes—to prey on the public again and again. Citizens are not safe either at home or on the streets at night in what we like to think is the most civilized country in the world.

Rights of law-abiding citizens of all races are repeatedly invaded.

With billions of dollars of our tax money politicians are able to barter publically for votes in key areas.

Rioting and pillage has, since 1960, been rewarded instead of being punished.

For these and other things the majority party must accept responsibility.

The time for us to give voice to our protest is here. We can and we must send people to Congress who are not shackled to the establishment by either conviction or party affiliation.

## Randall 4-H Awards Banquet On Saturday

County 4-H awards will be presented Saturday evening, Nov. 5, in an awards program sponsored by the Randall County 4-H Council at Rex Reeves Elementary School.

Highlight of the program will

be the presentation of the Gold Star boy and girl for Randall County. The award is given each year to an outstanding 4-H boy and girl and may be earned only once in a 4-H career.

The "gold star recipients" and their families will be guests of honor for the program and covered dish supper which is slated to begin at 7 p.m.

Speaker for the evening will

**\$3,000 Counted In Scout Drive**

A count of over \$3,000 had been tallied by the Randall District of the Llano Estacado Council of the Boy Scouts of America by press time on Wednesday.

According to Gene McGlasson, campaign chairman, the funds are still coming in and may exceed last year's final count of \$3,600.

"We are pleased with the results of the fund raising drive thus far...and hope to have the final totals ready in a couple of weeks after we have had a chance to make our second calls on those folks we were unable to contact during the first week of the campaign," said McGlasson.

No specific goal has been set (See \$3,000, Page 6)

### Bank Move Scheduled

First National Bank will move to its plush new home Saturday, Nov. 12.

This announcement came this week from Don Standley, executive vice-president. A formal open house is planned for later this month.

Standley said drive-up windows off Fourth Avenue will be open as of 9 o'clock Friday morning, Nov. 4.

"We are sorry if there is any inconvenience to our customers during the move," Standley said.

### Spooks Treat And Go Home

Spooks and goblins were on their best behavior Halloween night as no acts of vandalism were reported within the city.

Chief of Police L.D. Caldwell said this year's activities followed a trend of 10 or 12 years in which the youngsters had their evening of trick and treats and went home.

"We have," said Caldwell, "I think the best group of youngsters in this community that any place could possibly have."

"Our kids and the University students too realize the importance of respecting other people and their property—I'm proud of them all."

## Feasibility Of Reservoir In Palo Duro Considered

The Palo Duro Canyon may be a terminal storage for water from the Mississippi River, according to Jerry Johnson, Amarillo, a director of the Red River Authority.

Johnson said the building of a mighty dam across Palo Duro Canyon is entirely feasible. The authority has employed the Fort Worth engineering firm of Freese, Nichols and Endress to make a study of possible use of the canyon as an immense reservoir.

Johnson said the building of such a dam will not affect the scenic beauty of Palo Duro State Park. He also noted that

### Land Coming Out Of Bank

Some 9,088.5 acres in Randall County will come out of the soil bank Jan. 1, according to Don Lloyd, ASCS office manager here.

Lloyd said 43 farms are involved. Of these, 17 whole farms have been in the soil bank for the past 10 years.

Three entire farms in the soil bank have only a portion coming out, Lloyd said.

the reservoir, to hold some 20 million acre feet of water, will itself become a recreational area.

When completed and filled, Palo Duro Lake would be five

### Absentee Balloting Continues

Absentee balloting in Randall County hit the 334 mark on Wednesday with 89 votes being cast at the Randall County Courthouse and 245 at the Bowie St. Annex in Amarillo.

According to Tom Lair, County Clerk, "It looks like we may break a record. In 1962, the last off-year election we had a total of 471 absentee ballots cast."

Absentee voting will continue through Friday, Nov. 4 at the clerk's office which remains open until 5 p.m. Ballots postmarked by 12 midnight on this date will also be accepted.

Potter County has tallied a total of 572 absentee votes on Wednesday according to the Potter County Clerks office.

times the size of enormous Lake Texoma. Lake Meredith holds only 1.5 million acre feet.

Water stored in Palo Duro would be used for irrigation, among other things.

Johnson noted that the underground water table is dropping every year and that the economy of this area would be hard hit when the underground water plays out if some way is not found to supply irrigation water.

Johnson said there may be one huge dam or four smaller ones across the Palo Duro. Site for the dam or dams has not been determined. He said there is excellent possibility for water from the Palo Duro to be used as irrigation water for Plains farms.

Leon Hill, with the Bureau of Reclamation, said money has been appropriated to study the feasibility of water imports to West Texas and Eastern New Mexico from the Mississippi.

"If you import water you must have a place to store it," said Hill. He said the Palo Duro reservoir appears a likely terminal storage.

### Rides To Polls Are Available

Voters needing rides to the polling places on Tuesday, Nov. 8, may call any of the following groups for transportation:

Randall County Democratic Committee for Good Government, Mrs. Murphy White, chairman. Morning, call OLS-7698, afternoon call OLS-4700. Canyon Jaycees, call OLS-4794.

Republican Women of Canyon, Mrs. Terry Martin, chairman. Call OLS-2167 or OLS-2168.

VFW Auxiliary, OLS-3142, for transportation to any precinct.

## Sausage Festival Baking Is Underway At Umbarger

Umbarger Sausage Festival time is drawing nigh and the baking of bread for the Country Store has begun.

Scheduled for Nov. 13 at St. Mary's Community Hall in Umbarger, the Festival will feature Country Store, a Bazaar and a dance in addition to the dinner which is being served from 11 a.m. until 4 p.m.

At present, 35 women in the community are concentrating on the baking project. Each will bake approximately 10 loaves of bread to be sold in the Country Store or to be

### No Answer On Grant Approval

No word has been received concerning approval of a planning grant for the city by the Department of Health in Austin.

The grant, submitted by Marvin Springer, urban planning consultant of Dallas, must be approved by the Austin group, by the regional office of Housing and Urban Development in Fort Worth and HUD's office in Washington, D.C.

The law states that any city under 50,000 population making a planning grant request must first submit it to a state agency.

Cost to the city for Springer's services will be \$13,000. Cost of topographic mapping has been estimated to be \$6,000, for a total of \$19,000. Not included in the figure is \$920 for technical supervision and audit and \$650 in administrative costs.

If approved, HUD will make a grant for three-fourths of the costs, save supervision, audit and administrative costs.

City Manager Gary Gwyn said (See NO, Page 6)

### Spaghetti Supper Is Set Friday

Tomorrow evening spaghetti supper will be held in the cafeteria of Gene Howe Elementary School between the hours of 5 and 8 o'clock.

Sponsored by the Gene Howe P-TA, tickets are on sale at \$1. for adults and 50 cents for pre-school children.

Homemade pies will be served with the meal.

Proceeds from this first fund raising project at the new school will go for teaching aids, landscaping and books for the library.

served with the dinner. Chairman of the Country Store is Mrs. Max Hoffman.

Chairman of the Festival which began 15 years ago as a community project, is the Rt. Rev. Monsignor W.F. Bosen. Co-chairman are Leonard Battenhorst and Bernard Hartman.

Sauerkraut for the dinner was put down the last week in September and the sausage will be prepared on the Thursday prior to the Festival. Chairman of this committee is Raymond Battenhorst.

Enough of this speciality will be prepared to serve an estimated crowd of 3,000. Last year 2,700 persons were

served.

Included on the menu will be German sausage, sauerkraut, mashed potatoes, brown gravy, green beans, homemade bread, milk or coffee and cherry cobbler for dessert. Tickets are \$1.75 for adults, \$1 for children from 6-12 years and children under six will be served free of charge.

Head cooks for the festival are Mesdames Harold Irlbeck, Sigfried Bolte, Louie Raef and Anton Hollenstein.

Chairman of the Bazaar is Mrs. Vincent Meyer.

The day's activities will close with a dance from 8:30-12.

LOAVES OF BREAD for the Umbarger German Sausage Festival and Country Store are being baked by the dozens in preparation for the Festival on Nov. 13 at St. Mary's Parish Hall in Umbarger. Taking loaves out of the oven to be frozen until Festival time are Mrs. Dennis Brandt and daughter Janette, left.

## WTSU Bonds Sold To New York Bank

Bonds for an administration-classroom building at West Texas State University were purchased Tuesday by the First National City Bank of New York and Associates.

The bonds, totalling \$1,970,000 and having an average interest cost of 3.89265 percent were sold by the university in Austin as a part of \$11,065,000 pool with four other state institutions.

In the bond pool with West Texas State were Texas Tech, North Texas State, Mid-Western University and Texas

A&I. Financial Vice President Virgil Henson, was in Austin, Tuesday as bids on the bonds were opened. He was expected to attend a called meeting of the Board of Regents in Dallas

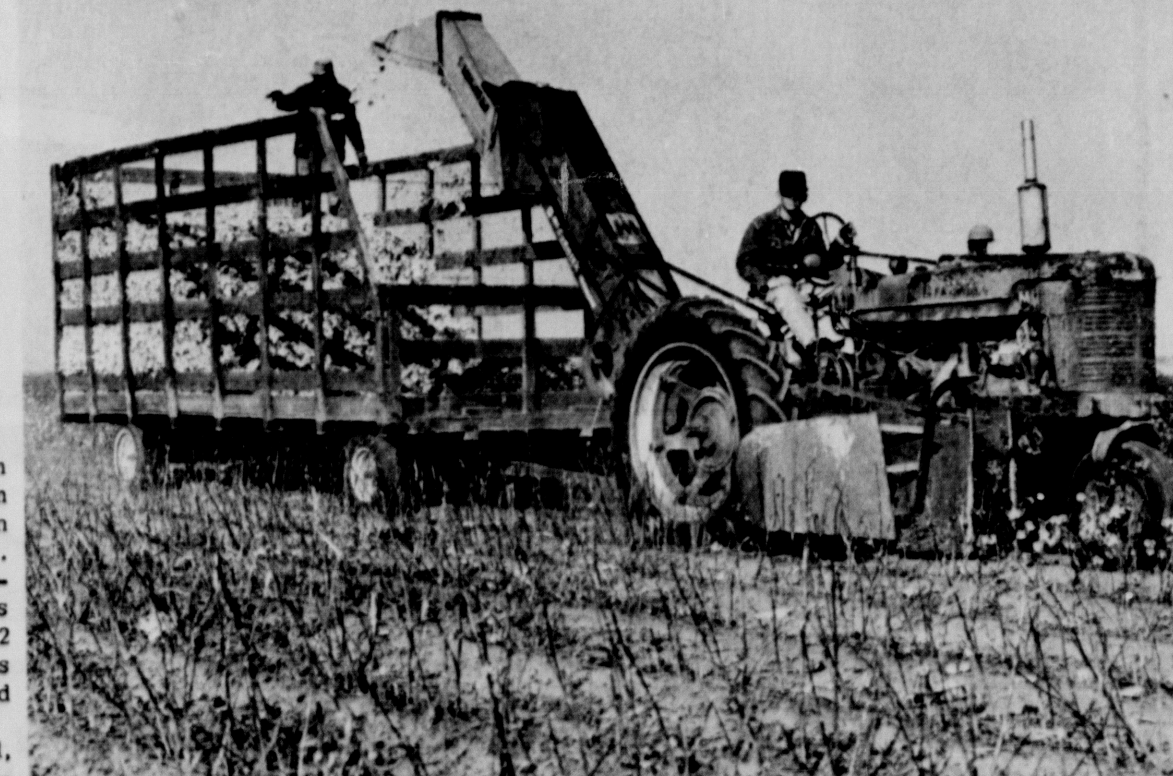

yesterday at which time the sale was to be approved, and then go to Fort Worth to meet with officials of the regional department of Housing and Urban Development.

The University had earlier requested a \$1 million grant from HUD before construction on the new building could begin.

FROM THE

CANYON RIM

By Troy Martin

There haven't been many hotly debated issues in the election campaign which is drawing to a close.

Waggoner Carr, Democrat Senate hopeful, admits that he and Senator John Tower differ only slightly on issues. The same is true of Democrat Dee Miller and Republican Bob Price.

Miller has accused Price of not displaying the fact that he is a Republican candidate. He also has appeared to have ridiculed Price for inheriting money, flying an airplane and owning a horse.

Miller also has made an issue of the fact that Price is a Kansan. Miller apparently forgot that almost 70 percent of his district is made of transplants from other states. Miller himself is a first generation Texan, his father having come from Arkansas.

Price, probably figuring that he is better known than Miller, hasn't mentioned his opponent's name in news releases or speeches I have heard or seen. He probably thinks that he would only be giving Miller free publicity by answering some of the Democratic candidate's quips.

Both Carr and Miller have declared that they would be more "effective" as Democrats in Washington than would be their Republican counterparts. The point that bothers me is how they would keep that effectiveness without going along with welfare state programs sponsored by the President.

As far as I'm concerned, I'd like to see a strong two-party system where neither side has more than a precarious majority in Congress. I'd like to see a Congress stout hearted enough to take back some of the power usurped in years past by the executive and judicial branches of government.

Waggoner Carr's campaign manager is a former Canyon boy. He is Tommy Butler, a 1939 graduate of Canyon High School. Friends here say

President BY MARY ANN WALTER

After that 19 degree temperature Tuesday night I suppose a lot of us are convinced that winter is here. Should have guessed long before now.

Last week Smoky Stover reported a handful of geese already at the Buffalo Lake Wild Life Refuge which should have been a pretty good hint. He also said that this is several weeks early for the geese to be arriving which may be a forecast of the season to come.

Way back during roasting ear season, I heard a lady tell her friend that an old legend says if the shuck on the corn was heavy to expect a bad winter ...and the shuck was heavy.

Stover also reports that last week an estimated 11,000 birds were at the Buffalo Lake Refuge. Some 6,000 of these were mallards, others were green wing teal and pin tails.

Wonder how you go about counting 11,000 birds?

There was a time when farmers ran the country. Their vote was absolutely necessary to victory at the polls. The vote now is in the big cities like Dallas, Houston, New York and Los Angeles.

There were some important out of state people in the Panhandle Tuesday for the dedication of Lake Meredith. Among them was Secretary of Interior Stuart Udall.

One of The News reporters observed, "You couldn't ever make them believe that it was 80 degrees and calm here two days ago. Our weather always has to act up when we have visitors."

Fall revival is currently in progress at the First Assembly of God Church in Canyon with Harold 'Bo' Daniel of Fort Smith, Ark. as evangelist.

## Choirs Sell Fruitcakes

homecoming activities. Eugene Bonds, CHS senior, who is playing the part of the Eagle spirit makes appearances at pep rallies and football games. Dressed in all-white, he wears an eagle headress styled in the traditional purple and white.

Idea for the costume came from the costumes worn by Canyon Scouts performing traditional Indian dances. The costume was made by CHS cheerleaders and their sponsor, Mrs. Easton Wall.

Construction of the spirit headress entailed lacing, gluing and sewing feathers into place. The actual headpiece is constructed on a regular hat form and feathers were glued to this. The sharp Eagle's beak was shaped by shop instructor Jerry Blackberry, and was painted gold by members of the cheering team.

Cheerleaders working on the project include Jan Haggard, Marilyn Bourland, Shelley Taylor, G'Lou Williams, Bea Thompson and Katie Upshaw. Bonds, is the son of Mr. and Mrs. Eugene S. Bonds 2605 10th Ave.

EAGLE SPIRIT appearing at all football games and pep rallies is portrayed by Eugene Bonds. First appearance of the Eagle mascot came

at 1966 Homecoming. Cheerleader at right is G'Lou Williams.

## Phone Rates Undecided

No definite charges for a tie-in with Canyon and Amarillo telephone service were discussed at a meeting between a Southwestern Bell Company district manager and City Manager Gary Gwyn.

D.D. Dillard, the company's district manager in Amarillo, said Tuesday he wanted to visit with the city commissioners individually this week and receive approval from the St. Louis, Mo. and Dallas telephone company offices before he would present his proposals to the city dads.

The proposed tie-in would need a commitment from the city for 18 months and, Dillard estimated, would increase telephone calls between Canyon and Amarillo by 600 to 700 per month.

## Mrs. Bourland To Direct 'Bee'

Mrs. Genelle Bourland will be the 1967 Spelling Bee Director for Randall County. Mrs. Bourland has directed the Randall Bee for the past two years. Sometime before April 1, the Randall County Bee will be held and the champion will go to Amarillo on April 22 for the annual regional elimination for the National Spelling Bee.

Schools participating are Canyon Junior High, Gene Howe, Rex Reeves and Umbarger. Spelling Bee books will be delivered to the schools some time after the first of the year. The 1967 Golden Spread bee is co-sponsored by West Texas State University and the Amarillo Globe-News. L.J. (Jack) Edmondson West Texas State University Director of Public Services, will be Bee

Director for the Golden Spread. Again there will be a unique secondary contest--the Junior Spelling Bee--which is open to contestants from the sixth and lower grades.

Last year, Stephen Huntington, son of Mr. and Mrs. Ralph Huntington was the Randall County Champion and placed 10th in the Regional Bee. He was an 8th grader in Canyon Junior High School.

The Randall County Junior Champion for 1966 was Mary Raef of Umbarger, daughter of Mr. and Mrs. L.L. Raef. She was a sixth grade student in the Umbarger School.

First place winner in the Golden Spread Bee will go to Washington during the first week in June 1967, to participate in the National Spelling Bee.

## Premiere

### A Success

Tuesday evening a world premiere of the trilogy for chorus and orchestra by Dr. Houston Bright, composer-in-residence at West Texas State University, was presented in Amarillo.

The concert, presented in Municipal Auditorium by Amarillo Symphony Orchestra was well received by the audience who called for the author, acknowledged Dr. Bright and gave him a standing ovation.

Written in three movements, the trilogy is entitled "Isaiah in the Temple", the text of which is adapted from Isaiah, Chapter VI, which records that prophet's awesome experience when he found himself in the presence of the Lord and His Seraphims.

The work is strictly for orchestra and chorus...there are no soloists. Titles of the separate movements are I, "I Saw the Lord"; II, "And the Posts of the Door Moved"; and III, "Then Said I, Woe Is Me."

Performing with the Amarillo Symphony was the high festival chorus combining the personnel of the Amarillo Symphony Chorus and the All-University Chorus from West Texas State, totalling approximately 200 voices.

### Sen. Spears Urges Defeat

## Senior Citizens Are Target Of Amendment 7

State Senator Franklin Spears of San Antonio has called on Texas voters to defeat Constitutional Amendment 7 at the polls Nov. 8.

The amendment, if passed, is supposed to repeal the poll tax, but actually it creates a confusing and misleading voter registration system.

SENATOR FRANKLIN SPEARS

Spears said he favors defeat of Proposition Seven because:

"1. It is no longer necessary to repeal the Texas poll tax. The courts have already done so.

"2. Proposition Seven is misleading because its language does not reflect what passage would actually mean."

Spears said passage of the amendment would mean:

"1. That all voters must register—even those over 65 [who] do not now have to register.

"2. That all voters must register each year—thus not allowing the Legislature the chance to decide whether registration should be annual, biennial or permanent."

"If Proposition 7 passes," said Spears, "Texas would be the only state in the nation with annual registration. Annual registration is bad because it has no protection against voting fraud. Re-registration by voting is far more preferable." Re-registration by voting is sometimes called permanent registration.

Under such a system, said Spears, "voter lists are available the year round and can thus be purged of those not qualified."

Also, he pointed out, no dead persons would be listed, nor can convicts or other ineligible voters—"because these names are automatically furnished to the voter registrar who removes them."

Persons who move from one county to another under permanent registration must re-register and are automatically removed in the county of their former residence.

"Finally," said Spears, "the cost of re-registration by voting is only one-tenth as costly as would be the system set up by Proposition Seven—25 cents per voter as opposed to 2.5 cents.

"The strongest democracies in the history of man are those where citizen participation is greatest," said Spears. He added: "Proposition 7 would drastically limit participation by people in their government.

"Texas is already low in citizenship participation—in the last two Presidential elections we ranked in the bottom seven of the 50 states in the percentage of eligible voters who actually voted.

"Under Proposition 7 the Legislature is given no chance to provide for greater participation."

## Park To Get Grant And Matching Funds

A grant of \$271,494 for Palo Duro Canyon State Park improvement program has been approved by the Department of the Interior. Matching funds will be received from the State of Texas according to Jerry Mullican, Park Superintendent.

Major item on the list of improvements will be a tie-in with Lake Meredith water supply for the park. The park is currently supplied by three wells. Mullican stated that this water plan will require tapping of the Meredith aqueduct system which runs approximately four miles west of the Park. Contracts are out now for the engineering of this project.

Additional improvements include the addition of tent camping units, trailer units complete with utility connections, picnic units, restrooms, a concession building and new roads.

Improvements will also be made to 50 existing picnic areas, park headquarters and trails. The Pioneer Amphitheatre.

Three miles of roads will be constructed in the park by the Texas Highway Department and finances for this will come from state highway funds, not from the appropriation for park improvement.

Jim Watts of the planning department of the Parks and Wildlife Department is expected to be at the Park within the next two weeks to aid in completion of plans, according to Mullican.

## TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

**IMPROVED EDUCATION**—Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

**WATER RESOURCES DEVELOPMENT**—Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

**CONCERN FOR THE AGED AND NEEDY**—Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

**OUTDOOR RECREATION**—More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

**INDUSTRIAL EXPANSION**—A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone—the best year ever for the Texas labor force.

**INCREASED TOURISM**—More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

**MENTAL HEALTH AND MENTAL RETARDATION**—New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

**BETTER HIGHWAY TRANSPORTATION**—Texas has more farm-to-market roads than any other state—more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

**COMBAT AIR AND WATER POLLUTION**—New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

**NEW CULTURAL GROWTH**—The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

**BUSINESSLIKE ADMINISTRATION**—With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

**HEALTHY, GROWING ECONOMY**—Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

## Cagers Open Practice Sessions

Basketballs have been thumping for two weeks in WTSU Fieldhouse as Coach Jimmy Viramontes prepares his roundballers for the season opener Dec. 3 against the Phillips 66ers.

Viramontes is planning to give Buff opponents fits this year—in the form of 6'5" Mickey Fitts, a Canyon senior whom Viramontes calls "fabulous."

"Mickey is one in ten thousand," claims the Buff mentor. "He's one of the rare players to crash a collegiate starting lineup without high school experience."

As a junior, Fitts averaged a fine 16.1 points a game with a blistering accuracy mark of .519 from the floor. His season high was a 30-point barrage against rugged Oklahoma City University.

Joining Fitts up front are Jim Neilson (6'10" soph., Gunnison, Utah), David Nowlin (6'5" junior, Breckenridge), Jack Johnson (6'7" junior, Quitaque), Jerry Cooper (6'3" soph., Borger), Derrith Welch (6'6" soph., Kress), and Vern Furlow (6'7" senior, Amarillo).

TO THE VOTERS OF RANDALL COUNTY:

I would not reflect on your intelligence by trying to tell you for whom you should vote, come November 8--that is your business, not mine.

I do believe, however, that we all should regard our franchise as a sacred privilege and exercise it with the utmost care in an effort to put in office honest, honorable, and diligent men, who are dedicated to the principles of Constitutional government and are concerned with the good of the whole rather than their own personal gain. Without these virtues no one is truly qualified to hold public office--with them, little else is required.

I am conducting the efforts of my campaign solely toward the end that you may a little better understand my thinking in such matters, and thereby be more able to decide whether or not you want me for your next County Judge.

## Plane Radios Are Stolen

Two-way radios valued at approximately \$6,000 were taken from airplanes at Tradewind Airport 13 miles northeast of Canyon sometime last week.

The theft, discovered Sunday, involved eight of the radios from seven planes housed in an open hanger, said Randall County Deputy Cliff Longest.

He said some of the radio panels were damaged when the instruments were ripped from their foundation, but that no other damages were reported.

Some of the aircraft is privately owned and others are owned by a group of individuals in a flying club.

Longest said he understood the radios could be used only in another aircraft and not for regular two-way communication.

Randall County officers are investigating the theft.

The bid was let Tuesday night at a called meeting of Canyon school board which is acting as fiscal agent for Panhandle Educational Services Organization, a federal project. Acceptance of the bid was at a called board meeting.

The contract is for remodeling a portion of the school to be used by the Texas Cooperative Dissemination Project—a branch of PESO.

Clayton Shiver, architect, said first estimate on cost of the remodeling was about \$24,000.

Seven construction firms placed bids. The bid of Wiley Hicks was about \$250 lower than that of the nearest competitor.

Canyon School District acts as fiscal agent for Panhandle and South Plains school districts participating in PESO.

BUFFALO Dan Andrews picks up three yards in a flurry of action on an end-around play Saturday night against Memphis State. Making the stop are Jerry Bishop (4) and Joe Rushing (65) as Eddie Golecki (61) has missed a block

## Tigers Claw Buffs 26-14

BY JON LOW

Quarterback Terry Padgett ran the option play to perfection as he led the Memphis State Tigers to a 26-14 win over West Texas State.

The Tigers had to come from behind in the first quarter and claw their way out of a 14-14 tie in the third quarter of a game that was brutal on both sides.

The most impressive individual performance, however, was by the Buffaloes' whiplash-passing quarterback Hank Washington. Washington entered the game ranked third nationally in total offense, just five yards out of second place behind UCLA's Gary Behan.

The big passer aided his ranking considerably by firing accurately on 27 of 48 passes for 282 yards. In the process, he broke his own season record for yards gained passing by 105 yards. He needs only six more completions and 33 more yards to break marks for completions and total offense for one season, and his next touchdown pass will tie a 28-year old record of 13 in that category.

Dave Szymakowski, Washington's favorite target, snared six throws for 79 yards and exceeded Roy Armentrout's season record of 34 receptions. Szymakowski now has 38 catches, and lacks only 18 yards to match Armentrout's 541 yards gained receiving in 1965.

Washington and Szymakowski, WT's Dynamic Duo, carried the Buffs to statistical edges over the Tigers in first downs, 24-15, and in total yardage, 347-299.

In losing, the Buffs gained more yardage than any other MSU opponent thus far, and no Tiger foe has exceeded WT's 14 points.

The Buffaloes drew first blood in the first quarter when Albie Owens thundered around left end from four yards out to end a six-play, 47-yard surge. Washington shot passes of 18 to Charles Henderson and 14 to Ted Wheeler to cover most of the distance.

Tommy Fambrough kicked the point to give West Texas a 7-0 lead.

Memphis State soon revealed why they have defeated every opponent but Mississippi this year.

Padgett mixed his plays masterfully, rolling out on keeps and then sending big fullback Herb Covington crashing off tackle for huge chunks of yardage. Covington ripped for gains of 19, 8, 11, and 3, while Padgett ramblled for advances of 7, 5, 7, and 14 yards.

Tailback Tom Wallace climaxed the march on its fourteenth play by going two yards for the score. Wood Stevens' extra point kick made the count 7-0.

The Tigers went ahead on an 11-play drive of 80 yards. The Buffs almost had the drive stopped when the Tigers punted from their own 26, but a roughing the kicker penalty gave new life to the team from Tennessee. Key movements in the drive were Padgett's options, Covington's smashes and a whirling 23-yard draw by Joe Baxter, with the score coming when wingback Dale Brady ran underneath Padgett's 26-yard pass in the end zone. Stevens again converted to give MSU a 14-7 lead.

The Buffaloes put on a tremendous rally to even the score as they fought both the Tigers and the halftime gun. Washington passed on every play but the final one of the drive, a two-yard blast by Owens. The Buff "Missileman" fired

on an unidentified Tiger. Rushing, a definite all-American possibility at linebacker, and Bishop both intercepted passes for the tough Tiger defense.

12 yards to Ronnie Mankin, 10

to Tom Moody, 12 to Wheeler, nine to Szymakowski, 11 to Henderson—drawing an additional 15 yards when Memphis State was called for a personal foul— and 12 to Szymakowski, who made a diving catch at the two.

Fambrough converted after the Owens run, for a 14-14 halftime deadlock. Fambrough has now kicked 24 of 24 in the

## Lumberjacks Set For Buffs

West Texas State's 5-2 Buffaloes go to Flagstaff, Ariz., this Saturday to meet another 5-2 team, Northern Arizona State.

Northern Arizona State fans began looking ahead to the Buffs before halftime of their 34-10 victory over Montana U. last week by displaying a 50-foot "Beat West Texas State" sign. Then in the third quarter the game announcer blared, "Attention to the people of Flagstaff and Northern Arizona State students, next week in Flagstaff has been designated 'Beat West Texas Week.' The result was pandemonium, according to WT scout Frank Bettencourt.

The Lumberjacks, whose offensive line averages a monstrous 224 pounds per man, own a five game winning streak.

The Buffaloes encountered some minor injuries in their 26-14 loss to Memphis State last week, but all players are expected to be in good physical condition for the Northern Arizona kickoff.

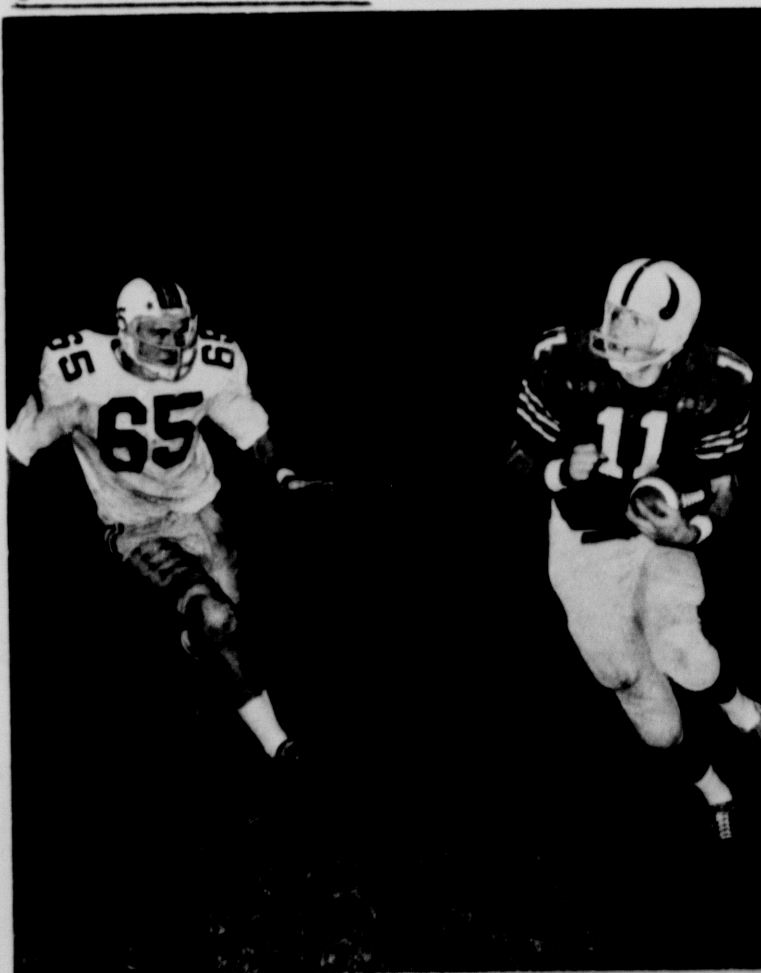

## Washington Leads Nation

Hank Washington of the West Texas State University Buffaloes is leading the nation in total offense, according to a recent National Collegiate Athletic Bureau Statistic report.

Through seven games, Washington has gained 1,526 yards in passing and rushing and was responsible for 13 touchdowns.

Ranked second in the nation for the forward passing division honors, Washington has completed 113 of 209 attempted passes for a total of 1,501 yards and 12 touchdowns.

His pass completion percentage is .541.

RONNIE MANKIN, West Texas State's versatile speedster, has broken momentarily into the open against the Memphis State Tigers, but

is being given the bad eye by MSU's Joe Rushing, who is about to halt Mankin's ideas of a long run.

## Cowpokes Lose To Lazbuddie 30-18

Injuries took their toll as the Happy Cowpokes bowed to Lazbuddie 30-18 Friday night.

Playing without key players the Cowpokes fought back from a 12-6 deficit at halftime to tie the game 18-18 in the third period before falling behind for good.

Bad breaks plagued Happy, and Lazbuddie took advantage of the breaks to score three times. Twice fumbles led to scores, and the Cowpokes worsened their cause when they gave up a blocked punt at their eight yard line.

Zeke Frost put Happy on the scoreboard with a two-yard plunge for his team's only first half score.

The 'Pokes rallied to even the score at 18-18 in the third quarter on a one-yard sneak by quarterback Randy Johnson and a two-yard dive by fullback Curtis Fowler, both plays going for touchdowns.

A rash of injuries cost Happy the services of linebacker Bob Robinson for the entire game, and of defensive stalwarts Jackie Schiller and Richard Todd for the second half. Johnson has had a separated shoulder in his throwing arm for several weeks, and he re-injured the arm Friday night. Defensively, Lloyd Rahlfs led the Cowpokes with 17 tackles. Schiller and Todd, who played only in the first half, followed with 14 and 10 each. Curtis Fowler also had 10.

Safeties Bill Vernon and Johnson each intercepted a pass. Ninth-grader Jesse Ramos set up the second Cowboy touchdown.

## Perryton Next Eagle Opponent

The Canyon Eagles will seek to cure a flood of plaguing injuries as they prepare to entertain the Perryton Rangers at 7:30 Friday night in the Buffalo Bowl.

Perryton experienced a 10-0 loss to Hereford last week, a team that measured Canyon 26-14 two weeks ago.

The Rangers are paced by a brilliant back, Al Rupprecht, while Rodger Helker and Jim Gobin are reliable defensive men.

Both teams are 2-5, standing 0-2 in district play.

The Eagles are hoping for a return to health by starters Joe Moore, Art McAnarney, Sherman Smith, and Eddie Baker. All four missed the Dumas encounter last week, after starting all year.

## Kids, Inc. Win, Lose To Amarillo

The Longhorns dropped a see-saw battle to undefeated and untied Amarillo Lawndale 24-12 Saturday.

Canyon forced Lawndale to come from behind twice. Only one touchdown separated the teams, but extra points accounted for the larger point spread.

Canyon scored the first time it got the ball on a 45-yard run by Bill Moore.

Moore scored again in the second quarter, this time on a 35-yard pass from Don Bettencourt.

Lawndale led 16-12 at the half before adding another touchdown in the third quarter.

down on a scintillating 98-yard kickoff return to the two.

Lazbuddie led in first downs 14-12, rushing yardage 168-161, passing yardage 61-36, and total offense 229-197.

Happy's next game is the always-wild clash with Nazareth at 7:30 Friday night in Nazareth.

## Overseas Mailings Due Now

Packages being mailed overseas should be placed in the mails before Thursday, November 10, according to an announcement from the Canyon Post Office.

Air mail packages may be mailed between December 1-10 and arrive at their destination in time for the Christmas holiday.

All patrons are urged to do their overseas mailing early and to have packages packed tightly, wrapped with heavy brown paper and tied with a strong cord.

## Junior High Teams Football Winners

Halfbacks Gary Gilbert and David Erwin paced the Canyon ninth graders past Hereford La Plata 30-23 Thursday night.

It was the second win in their three years of junior high ball for the Canyon gridders, and the win was well-deserved and hard fought, as the Eagles had to come from behind.

La Plata scored first, but Gary Gilbert evened matters by going 23 yards on a reverse for his first of three touchdowns. Guard Mark Mathews and end Larry Robinson cleared the way with their strong blocks. Wayne Watson ran for the extra points.

Scoring once in every quarter, Canyon tallied again on a three-yard crash by Gilbert, with Gilbert himself running over for two points.

David Erwin set up a third quarter score on a 30-yard reverse to the two, from where Gilbert cut into the end zone. Gilbert again ran for the conversion, giving the Eagles their 24th and winning point.

Erwin added an insurance score when he streaked 45 yards in the final period. The blocks of Gary Schrib and Gary Hester shook him loose.

"It was the best effort we've ever had," stated Coach Wayne Phemister. "The boys finally met their capabilities."

Moore was Canyon's leading rusher, in addition to completing five of six passes. Two were to his favorite target Dennis Collier, who made a great diving catch on one, and turned a quick pass into a sizeable gain with some sharp running on the other.

Collier was one of the few Longhorns to play well on defense and twice stopped runs that would have gone for TD's had he not slammed the runners down. Collier was named the Guts Award winner for the week.

Moore was named the best sportsman for the third time this year.

The Longhorns finished only one game out of first place in their league. They conclude their season this week in the annual Toy Bowl.

ALL-STARS-(Minor Division) The All-Stars nabbed their second win in a row by dumping Amarillo Highland 14-8.

Canyon scored first when Jeff Carlile made a diving catch in the end zone of a 20-yard pass from Garre LaGrone. LaGrone ran for the conversion.

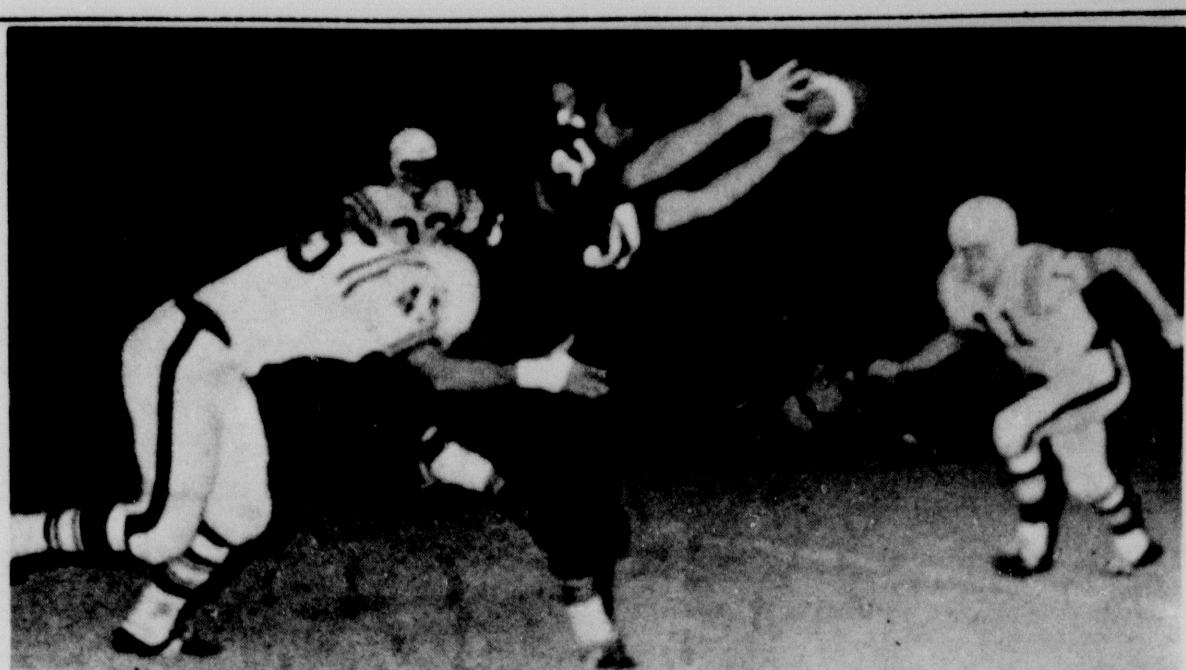

The second score came on a 10-yard run by LaGrone.

The All-Stars showed a strong defense, as they contained Highland except for their scoring run. Twins Jerry and Terry Stewart, the outside linebackers, shot through and stopped many Highland sweeps.

ALL-AMERICANS-(Minor Division) The All-Americans received a 28-0 blasting from Glenwood Saturday.

"We played well, but were just overwhelmingly outmanned," said Coach Stan Lair. "We would hit them and just bounce off," he stated, emphasizing the size of the opponents.

Mark Byars did an outstanding job with his jarring tackles.

CANYON'S Phil Swatzell (45) times his blow perfectly to break up a Dumas pass intended for the Demon's Mike Slagle (31). Ready to

assist is Eagle Stan James (11). Swatzell led the Eagle defenders with eight tackles.

## Injury-Riddled Eagles Lose To Dumas Demons

The injury-riddled Canyon Eagles played a courageous but hapless game against the Dumas Demons in going down to a 47-8 defeat against the State's third-ranking AAA team.

Crippled by the loss of four key two-way starters, Canyon was forced to start sophomores in the first high school game of their lives, a considerable task against any foe, not to mention Dumas.

Jack Swatzell was named the Most Valuable Player by the Eagles. The blond senior intercepted a pass for Canyon's only score, had a hand in five tackles, and punted exceptionally well in his first punting assignment.

It took the Demons 7:03 to get on the scoreboard, but once there, they ran up 47 points before Swatzell put the Eagles there with his fine interceptions.

Steve Burks, a sensational breakaway threat, scored the initial touchdown on a 16-yard run to cap a seven-play, 56-yard march. Marshall Rigdon kicked the point after.

The Demons tallied three times in the second period. Cody Freeman plunged over from the one and Doug Cothren slipped in from the two, after tackle Bill Ferguson fulfilled every lineman's dream—scoring a touchdown—when he scooped in an Eagle fumble behind the Canyon goal line.

Rigdon's foot was successful on only one of the three kicks, giving the hosts a 26-0 halftime lead.

Robert Bull gave the Eagles a 20-0 lead at the half when he fled 70 yards for a touchdown. Carter pushed over the extra points on a run.

Canyon scored again in the second half on a 15-yard trip by Mickey Ely, and Mike Swatzell scored on the conversion for the final points in the 28-0 win.

Instrumental in the win were fine blockers—tackle David Smith, guard Vance Cawthon, and halfback Frank Mayfield. Tenacious defensive performances were turned in by guard Kelly Tinsley, tackle Wesley Hodges, and linebacker Randy Prichard.

Bob Bullock booted some fine punts.

"It was the best I've ever seen them," smiled Coach Gene Andrews, and added, "I'm glad to say that every boy got to play quite a bit."

SEVENTH GRADE VS TULIA Mike Shadix quarterbacked the Canyon seventh grade to a narrow 8-6 victory over Tulia Thursday, as Canyon ran its record to 3-0 for the year.

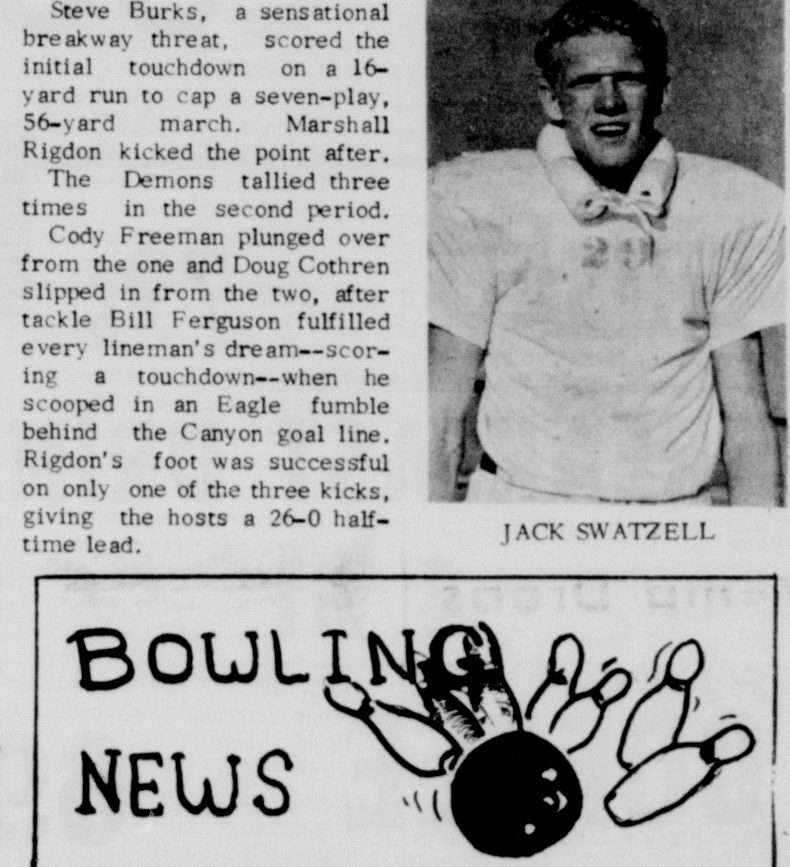

Tulia took the lead on an early touchdown, but failed to make the extra points.

The Eagles then settled down to the task of overtaking the Hornets. Coming from behind is the mark of a true champion, and the young Eagles proved themselves to be just that.

Shadix guided the team expertly, mixing his plays skillfully and sending John Upshaw and Ricky Thompson blasting into the line for good gains. Upshaw scampered for the tying score on a seven-yard sweep, and Clifford Prichard rammed for the game-winning extra points.

Coach Wayne McCauley had praise for many of his players in the uphill struggle. "Mike Shadix was our outstanding back—he's a fine field general. Donnie Minier did an excellent job on defense, as did Billy Bob Taylor and Earl Malone. Joe Ziegler and John Hoover were outstanding blockers, and Tommy McWilliams did a great job kicking off for us."

McCauley has always gotten great response from his players, as is evidenced by his two-year record of eight wins, one tie, and no losses in seventh grade competition. This was the first time one of his teams had ever been behind in a game.

City Manager At HUD Meeting

The regional offices of the Department of Housing and Urban Development have recently been given more authority, City Manager Gary Gwyn was told last week.

Gwyn was one of about 400 governmental leaders on county, city, state and federal levels attending a Conference on Urban Affairs at Arlington State University.

The city of Canyon has recently submitted a planning grant to the regional HUD offices in Fort Worth for approval.

Speaker for the conference, Dr. Robert Weaver, who heads HUD in Washington, D.C., told the group they should study the duplication of services between metropolitan areas which are sending millions of dollars down the drain every year.

"We are in an advantageous position," said Gwyn. "Our metropolitan area is just beginning and if we can get gov-

ernments in this area together and form a regional planning commission, we can make this a model of metropolitan planning."

A panel of mayors from throughout the State also met, Gwyn said, to discuss local problems.

One mayor stated that critics should be business-like, provide good services within the realm of economy and sell the services to the public as a business does.

Wilber Smith, a transportation consultant, said as the economic position of the individual improves, transportation needs will increase geometrically.

He quoted Dallas figures, Gwyn said, that said instead of the 1.5 million trips per day in the Dallas Metropolitan area projected for 1975, he estimated the figure to be closer to 2.7 million.

# Creative Hobbyist Experiments With Decoupage

BY LORENA MILLER

"Decoupage" is my newest hobby," relates Mrs. T. S. Stevenson, Jr. of Canyon. The art of decoupage is illustrated by Mrs. Stevenson in numerous articles she has decorated in the past two years such as an unusually large box which she is decorating with antique pieces of music, preserved butterflies and preserved plant life.

The box when finished will be installed with record racks to use as storage for the family's collection of records.

The polymer medium which Mrs. Stevenson uses comes in several brands and when applied dries quickly to a plastic type finish. Decorations of the trunk itself are a combination of decoupage and collage artwork. She will apply about 20 or 20 more coats of the satin lustre

## Vows Planned December 30

The engagement and approaching marriage of Miss Donna Elizabeth Brandon of Amarillo and William Albert Keller of Canyon is announced by Mr. and Mrs. Clarence Brandon of Quana, parents of the bride-elect.

A graduate of Canyon High School, the bridegroom is the son of Mr. and Mrs. M.A. Keller of Canyon. He is a senior at West Texas State University, a member of Kappa Alpha Order fraternity, and employed with Doshier, Pickens and Francis.

The bride-elect is a graduate of Quana High School, attended WTSU and is presently employed by the American Quarterhorse Journal in Amarillo. Marriage vows will be exchanged Dec. 30 at Joseph A. Hill Chapel on the campus of WTSU.

## Founder's Day For DZ Unit

A Founder's Day observance for Delta Zeta sorority was held recently in the Green Room at the west cafeteria at West Texas State University.

The college chapter, Zeta Zeta, played hostesses for the alumnae chapters of both Amarillo and Canyon.

Mrs. Bob Stevens, president of the Amarillo DZ alumnae chapter made the introductions and presentation concerning the DZ Woman of the Year, Miriam Mason Swain, noted author. Other Amarillo guests at the event were Mrs. Babs Prowell and Mrs. Burl Springer.

Carol Ayers, Zeta Zeta chapter president, showed a series of slides from the summer National Convention held in the Bahama Islands and introduced sorority members and new fall pledges.

Canyon alumnae present for the occasion were Mesdames J. O. Parker, W. E. Miller, Don Olson, Lee Roy Moreland, C. H. Clawson, Donna Wilson, James Hughes, Tom Keeling, Jack Priddy and Alfred Bellah.

## Crawfords Have Great-Grandson

The birth of a great-grandson is announced by Mr. and Mrs. W. R. Crawford of Canyon. The infant weighed 7 pounds 9 ounces on arrival at Northwest Texas Hospital in Amarillo Oct. 24 and is the son of Mr. and Mrs. Scott Barlow of Amarillo. He has been named Casey Scott.

Grandparents are Mr. and Mrs. Stewart Barlow and Mr. and Mrs. Rex Pratt, all of Amarillo.

finish before the music box is complete.

"You have to sand between each coat and the satin lustre used dries in about 15 minutes so that it doesn't pick up lint in the process," stated Mrs. Stevenson.

Mrs. Stevenson has been a "hobbyist" for a number of years and has only recently taken up the art of decoupage. For her supplies, which are rarely available locally, Mrs. Stevenson orders from a novelty decoupage shop in Pennsylvania. She also purchases unusual boxes of all kinds at the Trunk and Treasure Shop in Oklahoma City.

"Sometimes you have to look for months to find just the right thing," said Mrs. Stevenson pointing out that she has had an extremely hard time in acquiring miniature hardware to complete a small trunk which she is currently lining for a jewel box.

Mrs. Stevenson orders 17th century French prints to place on various articles. The prints take approximately one hour or

more to trim out using the cuticle scissors which are especially adaptable for this purpose.

Using the polymer medium, which dries quickly to a plastic type finish, Mrs. Stevenson often uses dime-store lace to form a creative edging on the plain wood boxes.

"Then we use the antiquing inks and finish off with coat upon coat of the satin lustre," said Mrs. Stevenson. For her paint work, Mrs. Stevenson uses a special sponge instead of brushes because the sponge doesn't leave air bubbles and is easy to clean in solvent or alcohol.

In lining the miniature boxes, Mrs. Stevenson uses cardboard pieces, cut to fit, and then glues on the velvet or satin from the backside before placing in the boxes.

The pursuit of her hobby has assisted Mrs. Stevenson in overcoming an extreme case of rheumatoid arthritis in her hands.

The entire garden is then covered with a lid to conserve moisture.

Mrs. Stevenson, known as Reen among her friends, will have several items from her hobby as a decoupage artist on display Nov. 11 when a program entitled "Sharing Our Talents" will be presented for the University Study Club of Canyon.

He served in the Air Corps during World War II and upon his return to Canyon opened the automobile business which was recently moved to new headquarters on the expressway, north of Canyon.

**R** HOW MANY MILES DO YOU WALK EACH DAY?

The Dr. Scholl's Walk-Meters have recorded housewives do about 8 1/2 miles, policemen 14 miles, 18-hole golfers 8 1/2 miles and lady shoppers at Christmas as much as 18 miles.

If your feet ache, and you have no problem requiring a podiatrist or medical attention, try bathing your feet each night with lukewarm water and a good antiseptic foot soap to overcome the accumulated perspiration. Then, after rinsing your feet in cold water to increase circulation, dry them and rub in a good medicated footbalm to prevent future corns and callouses. The improvement will amaze you.

We carry many foot-aids and will be glad to help you select good products.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

## '67 CHEVROLET

Impala Super Sport Coupe—a clean new sweep in roof lines.

Now that you've seen all the daring new things our stylists did, get in and sample some of the safest, soundest ideas on the road!

What you feel is as new as what you see—thanks to all the fresh thinking that's gone into the way it rides, steers, stops and looks after your safety.

It's got a remarkable new road feel—beginning with a ride so hushed and gentle you'll feel like calling this the '67 Shhhevrolet. The steering is as much as 10% easier. And you'll find the stopping smoother, too.

We put safety features on top of safety features. For example, an energy-absorbing steering wheel atop the new GM-developed energy-absorbing steering column. A dual master cylinder brake system with warning light. And seat belts front and rear with pushbutton buckles. All standard, to be sure.

And there's a new SS 427 performance package—complete with 385-

hp Turbo-Jet V8 and flat-cornering suspension. You can order it for either the Impala Super Sport Coupe or Convertible.

Of course, there are all sorts of new custom features you can add, too, such as tape or FM stereo. But if you find so much that's new a bit too much to remember—drop down to your dealer's and take a drive. It'll all become unforgettable.

Everything new that could happen...happened! Now at your Chevrolet dealer's.

## Ustinov Farce Slated For BIT Three Days

The cold war grows considerably warmer and funnier in Peter Ustinov's play "Romanoff and Juliet" to be presented Nov. 10-11-12 in the Branding Iron Theatre at West Texas State University.

America confronts Russia and they argue across the microscopic domain of the smallest country in Europe. When the Soviet ambassador's son falls in love with the American ambassador's daughter, both families are loudly dismayed.

As the fussy, pacifist president of the mythical country, Wes Schultz of Olton shuttles between the two embassies trying to soften their threats and counter-threats. In this role, Ustinov punctured diplomatic protocol when the play appeared on Broadway in 1957.

The star-crossed lovers, who once again prove that love can conquer all, are portrayed by Neva Chowning and Steve Hunter of Amarillo.

National and parental attitudes clash through the Russian and American ambas-

sadors and their wives. The Romanoffs are played by Joe Zinkiewicz of Oradell, N.J. and Kathy Wylie of Dallas. The Moulsworths are played by Martin McDonald of Brownfield and Lindsey Dowell of Amarillo.
